## M 125 DUX

No, this is not an offer from Swansea DVLC for one of their cherished number plates, but to highlight an important change to the entrance arrangements for the meeting on May 12th.

Due to revised security requirements we have been advised that the cars belonging to those attending the meeting must have their registration numbers recorded with Duxford security prior to the day of the meeting. Bob Hope is about to send in the list of names so if you contact Bob and give him your car registration details he can include these on his list. To give Bob a chance to do all this in the time available please get in touch with him ASAP!

A reminder that, if this condition is not complied with then you will **not** be allowed in for free and will have to get in via the public entrance where some charming but firm gentlemen will relieve you of a portion of your hard earned coinage of the realm.

At the time of writing there are 70 definite and 2 maybe's coming to the meeting, ( this number includes guests as well as members ) , so it looks like a good turnout, lets hope the weather holds good as well. There is still time for those of you who have not yet to decided to attend to do so now, then ring Bob, give him your details and come and enjoy.

### BADGES

Identification badges have been prepared for all partners, newcomers and, if I can get them finished in time for all members who are attending, but just in case would you please bring your old badges with you. Also at long last Bob should have some good news to tell you about his quest for lapel badges.

### HONORARY MEMBER

The certificate that will be presented to Stephen Woolford will be on display, but unfortunately as Stephen will be away on other business on the day of the meeting the actual presentation will have to take place on a date yet to be decided. You will recall that this certificate is being awarded to Stephen as a sign of our appreciation for all the help and support he has (and still is ) given to the association.

### TIMETABLE

A reminder of the timetable for the meeting, 12 Noon outside the control tower for a chat and a photo, then on to the hanger for the group photo, (bring your own cameras,) then on to the class room for the meeting proper, so if you have any topics you want to raise please feel free to do so, the more input we get from members the better the association will become.

See you all there.
