

NEWSLETTER

August 1997

Stop Press

As I have been out of circulation for a bit this is to remind you of the events due to take place soon and a couple of other bits of information as well

Dinner

The annual dinner is to be held in the old officers mess at Duxford on the evening of Sat 13th September. There are still places available, but all names must be in by the 1st Sept together with the necessary monies which is still £23.00 per head for the four course meal- a super bargain!

For those of you who had paid a deposit earlier in the year the balance is also due by the 1st Sept

Last years event was voted a success by all concerned, lets make sure this years is equally successful, book now!!!!

Meeting

The last meeting of 1997 will take place on Sunday 14th Sept at 12 Noon at the Control tower then in our usual room for a brief meeting. Names of **all** those attending must be given to Bob Hope together with vehicle registration numbers by the 7th Sept so that he can submit the list to security and gain you free entry. Remember there is an attendance levy of £2.00 per head to be collected at the meeting, and this includes guests, members are responsible for ensuring that their guests pay whether they come to the meeting or not. At the last meeting it was obvious that by comparing the security list with the attendance list of those who did pay that there was a slight discrepancy!

Subs

Another reminder that subs are due,(and in some cases overdue) if you are not sure what you are due to pay a call to the treasurer will clarify matters for you.

The committee has reluctantly agreed that any member who continually defaults on the payment of subs will be removed from the membership list and will no longer receive updates or copies of the newsletter. This seems to be the only way to be fair to those who always pay on time. Any comments on this matter will be gratefully received by any committee member.

Membership list

A new membership list correct as of 12-8-97 is enclosed with this newsletter, please check your own details and report any errors or omissions to the secretary, future updates will again be via the newsletter.

Photos

I have some group photos (courtesy of Peter Gates) of the last meeting taken outside the control tower, I shall bring these to the Sept. meeting and hand them out to those featuring in the photos. For those unable to attend they will be posted on to you.

Appeal No1

Do any members have or know the whereabouts of the following manuals- AP101B, AP2305 Vols 1 to 15 for the Jet Provost T5a ? if so could you contact direct:-

Kevin Acres
6 Winding Way
North Warrendite
Victoria 3113
Australia

Appeal No2

Does anyone have a picture or a cut - away drawing of a Napier Sabre piston aeroengine, the type that used to power the WW2 Typhoon?. If so could you give the details to Bob Hope.
